CRIMINAL INVESTIGATIONS DIVISION HIGHLIGHTS

- CID began the year with a double homicide (Capital Murder). Two suspects were identified and arrested; both have been indicted for Capital Murder.
- All three suspects in the Maloney murder were indicted for Capital Murder. Trials are set to begin this year.
- Detectives received some great quality job-specific training this year. Detective Poe obtained his Master Peace Officer License. When Detective Allen gets his, all APPD investigators will have a Master certificate.
- An arrest and confession was obtained in the shooting murder of a man in Aransas County. That case has been submitted to the Aransas County Prosecutor.
- A man was arrested for intoxication assault and faces several other felony counts after crashing into a family while intoxicated. He caused serious injury to occupants of the vehicle (one was a child). That case will be prosecuted in Aransas County.
- A man has been charged with the 2013 Aggravated Sexual Assault of a woman. He has been linked to several other sexual assaults in Aransas Pass and Houston, and was a suspect in a 2015 Aransas Pass case.
- CID responded to a fatal OIS this year. We conducted an investigation and concluded that our officers acted well within APPD policies and State law. The Texas Rangers conducted an independent investigation and presented the findings to the DA. All officers were cleared of any criminal conduct.
- Sgt. Kent put together a case and obtained an arrest on a man for maintaining an illegal dumpsite that was affecting his neighbors and raising environmental concerns within the community. The case has been sent to the San Patricio County DA.
- CID conducted an investigation into a juvenile subject at APISD High School who had a pistol at school. The subject was identified and found to have stolen his guardian's vehicle. He then went to Corpus Christi where he pointed the pistol at CCPD Officers and was shot by their officers. It was discovered that the pistol was stolen in a vehicle burglary in Aransas Pass. Area law enforcement provided an amazing response to this event.
- Cammie Duhon, Evidence Technician has continued to keep our evidence room organized and did outstanding on all monthly audits. All articles were produced and accounted for in timely manner.

PROTECTING OUR MOST VULNERABLE...

CARE PROGRAM:

Aransas Pass is a choice location for a diverse audience of residents including retirees and those with special or particular needs. Working in cooperation with our Fire Department and Emergency Medical Service, we developed the CARE Program to assist. This program is designed to deliver crucial information into the hands of public safety officials quickly during one's most critical time of need. To enroll an individual in this program please fill out the CARE registration form online, listing the particular needs or vulnerability and provide any available documentation. This way we are prepared in the event we are summoned for emergency services or we encounter your loved one in the field. Examples of those intended for this program include individuals suffering from Alzheimer's, dementia, autism, or other serious mental health or physical disabilities.

Scan the QR code or visit police.aptx.gov/care to fill out the form and enroll a loved one.
